Subject: Projected schedule for the soil borings and  
monitoring well installation at the Former Raritan  
Arsenal

Dear Helen Shannon;

The projected schedule for the soil borings and  
monitoring well installation at the Former Raritan Arsenal is  
enclosed. This schedule represents Dames & Moore's best  
estimate of when they intend to perform the work.  
Modifications to the schedule will probably occur because of  
weather conditions, access problems, and other unforeseen  
circumstances.

The soil and gas survey is almost complete. Results are  
being finalized and will be published at a later date.

Please contact me if you have any questions concerning  
this schedule.

Sincerely,

Ben M. Bauman, II

MAJ, EN
